

LEASING

Schools are diverse in their goals, strengths, resources, and communities. Leasing solutions for equipment and services are too often bundled in one-size-fits-all packages. At Providence Capital, we believe it is critical to listen and understand your goals rather than forcing a pre-packaged leasing solution upon you.

WHAT ARE THE BENEFITS OF LEASING?

- Conservation of capital – spreading the cost over the useful life of the equipment is a prudent decision.
- Provide a consistent budget – level your budget from year to year to smooth out the peaks and valleys.
- You still use your favorite supplier.
- Avoid technology obsolescence – reduce user frustration and proactively manage technology cycles.
- Flexibility – options to keep equipment long term or upgrade.
- Eliminate equipment disposal issues and possibly recover value at lease end.

HOW DO I GET STARTED?

- During an introductory call, we learn about your needs and share strategies that have worked for others.
- We provide you with budgetary planning structures.
- Together, we review the structures to determine the best solutions.

START TODAY

- Call us at [800 680 0560](tel:8006800560) to review your needs
- Email us at Info@ProvidenceCapital.com

TESTIMONIALS & REFERENCES

“Providence Capital has never been a “high pressure” firm and I value them as a strong business partner.”

– Jim Papala, School District of Cudahy

“They delivered on what they promised and provided us with top notch service.”

– Cyle Dibble, Logansport Community School Corporation

“We’ve been able to place more technology in our classrooms than ever before with our leases. Providence Capital has truly been an asset in this time of financial need.”

– Michael McCabe, Pontiac CCSD 429
